**MARCUS THURAM "EA SPORTS FC PLAYER OF THE MONTH" FOR APRIL**  
The award will be presented to Inter forward in the pre-match of Inter vs Hellas Verona

The **EA SPORTS FC Player Of The Month** award for April has been assigned to Inter player **Marcus Thuram**. The trophy will be presented during the pre-match of Inter vs Hellas Verona.

The fans' votes online, combined with individual statistical data, determined Jeremie Boga as the winner, beating champions like Elphege (Parma), Esposito (Cagliari), Krstovic (Atalanta), Malen (Roma), Taylor (Lazio).

The six best players of the month have been selected taking into account the advanced analysis of Kama Sport, created from the tracking data recorded with the Hawk-Eye system. The rating system considers not only statistical data and technical events, but also positional data. This makes it possible to analyse crucial aspects such as movement without the ball and thus optimal movements, game choices, and the contribution to the technical and physical efficiency of the team, which allow for an objective and qualitative evaluation of the performance.

For the final calculation were considered the matchdays from 31 to 34 of Serie A 2025/2026.

*"In the final stages of the season, Marcus Thuram has been the real standout performer for Inter, who have just been crowned Italian champions - said **Luigi De Siervo**, CEO of Lega Calcio Serie A -. Five goals in four matches are the signature of the French star, who stepped up at the decisive moment of the season with extraordinary consistency as a result of the hard work and great determination that have always set him apart." Now in his third season with the Nerazzurri, the French striker is aiming to set a new personal goalscoring record, demonstrating through his statistics the steady progress that has taken him to the very top of Serie A's elite players".*
